LETTER OF RECOMMENDATION

It is my immense pleasure to recommend **Mr. NANNAPANENI SASANK** for the Master's program to your university. I taught him both theoretical and practical courses such as **Mechanics of Materials, Computer Aided Drafting Lab**. I have also supervised his laboratory course "Computer Aided Drafting Lab". During this time, I have had interactions with him on an academic and personal level. What struck me instantly was his quick grasp of the lectures and his commitment to the work.

Mr. NANNAPANENI SASANK is an intelligent and sincere student who had maintained a good academic record. His outstanding analytical skills enabled him to express his views about the subject clearly. His interest, attitude, and intellectual curiosity enabled him to grasp new ideas and topics with relative ease.

Apart from the course work, he had participated in several Intra and inter-college events and had organized many events within the college as a student coordinator. During these events, he had shown boundless enthusiasm to participate, plan, and organize. During his study, he demonstrated a unique ability to get along with fellow students. His equal commitment and sincerity towards his studies and extracurricular activities impressed me immensely.

I am certain that **Mr. NANNAPANENI SASANK** will be incredibly successful, no matter what he chooses to pursue. To me, a student of these qualities is deserving of admission. Please feel free to reach out to me if you need any information regarding him.

[Dr. N. RAVI KUMAR]

Professor

Department of Mechanical Engineering
J.R. Siddhartha Engg. College
